Our Climate Future

Panel Discussion with Secondary School Students

The Sunday Seminar will feature a panel of young people drawn from several Catholic secondary schools' social justice groups, discussing their thoughts and attitudes to climate change, and the actions they are taking in response.

An experienced facilitator will draw out the issues and actions being taken during the panel discussion.

It should be a very interesting morning, and should give us great hope that the future of the issues of climate and environment will be kept alive by young people.

Come along and be inspired!

**All are welcome.
\$10 donation is appreciated.**

**Morning tea will be provided
during the seminar.**
